Finals Conclude								7:41PM	

Q&A

- Q: What if my ensemble's equipment truck/s arrive 5-10 minutes before our arrival time?
A: You can NOT open your equipment truck/s and begin unloading until the designated Unload time.
- Q: What if my ensemble's equipment truck/s arrive more than 15 minutes before our arrival time?
A: You may be asked to exit out of the Unloading/Loading Lot and come back at your designated arrival time.
- Q: Can my ensemble move into our warm-up zone before our warm up time?
A: If the warm-up zone is unoccupied, your ensemble may move into the zone. However in order to minimize noise pollution and respecting the ensembles next to you, please do not begin playing until your warm-up time begins. There should be plenty of time for ensembles to move out of their warm up zone so that your ensemble can move into that zone on time.
- Q: Why do we need to move our equipment trucks out of the Unloading/Loading lot after we load our equipment?
A: There is not enough space in the parking lot for all ensembles to park their trucks and equipment vehicles. Please be mindful on the time so that the whole show can flow properly.
- Q: Can we cook and make food and camp out in the Unloading/Loading Lot or the Warm Up Zone?
A: No.
